Buy a Ticket Please.

The Y. M. C. A. Star course of entertainments will be a success this season in every particular. This is now assured beyond all doubt. The advertisement, of course, which appears in this paper should be enough to guarantee this result. Six entertainments of such great merit and so varied a character cannot fail to attract large numbers of patrons if the public can be brought to realize what really grand entertainments have been arranged for and how reasonable are the prices. Advertising accomplishes this to a great extent, but the committee have "cinched things" this season by interesting about 25 young ladies in this work. These young ladies will endeavor to call on everybody in town this week to let them know of the good things which are coming and to invite them to purchase course tickets. Let's all buy and be nice about it.

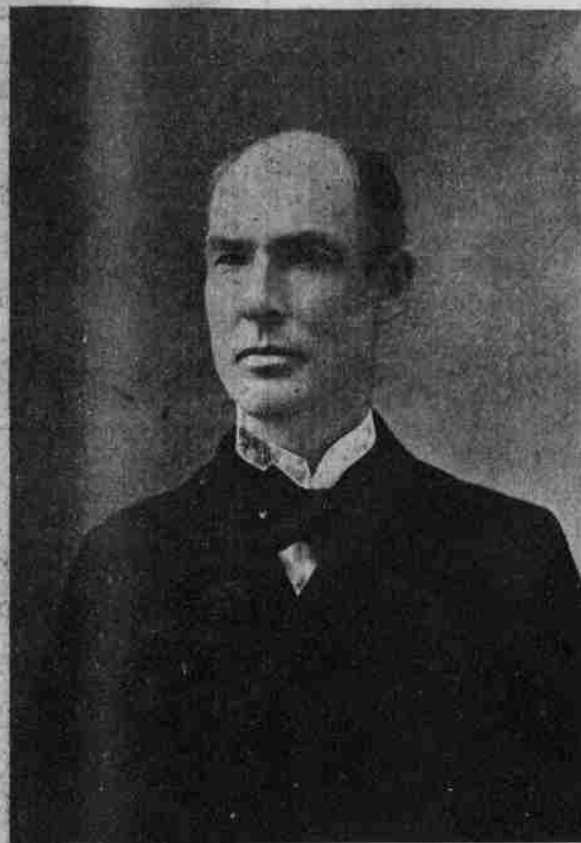

Minstrel Show.

Don't forget Co. D's Military Minstrels at the Armory, Friday evening, Nov. 9. The boys promise an entirely new and very pleasing performance. Songs, jokes and specialties "all up to the minute." The committee are corresponding with a strong vaudeville feature to conclude the program. Save your laughs and your money for Nov. 9.

New District Attorney.

This Political Plum Falls to a St. Johnsbury Lawyer.

The announcement of the retirement of Judge Wheeler of Brattleboro left a vacancy in the circuit court and after two meetings of the Vermont congressional delegation at Montpelier last week the delegation unanimously agreed upon the appointment by the President of Hon. J. L. Martin of Brattleboro as circuit judge and Hon. Alexander Dunnett of St. Johnsbury as district attorney to succeed Mr. Martin. The salary of the judge is \$6000 a year and of the district attorney \$3000. Numerous rumors had appeared during the week of the possibility of Judges Powers and Watson of the supreme court, Congressman Foster, Collector Darling, Frank Plumley and W. C. B. Stickney of Bethel being candidates for the judgeship, while the only aspirant for the district attorney except Mr. Dunnett was O. M. Barber of Bennington.

Hon. Alexander Dunnett, comes of good Scotch ancestry, his forbears being descendants of the hardy Norse mariners whose seat was Dunnett Head, the most northern point of Scotland. It was from this precipitous headland that his father, Andrew Dunnett, came in 1842 to Caledonia county, living first at Peacham and later at West Newbury. It was in the former town that the subject of this sketch was born, Nov. 29, 1852. He was educated in the public schools and the Randolph Normal School, studied law at the Boston University and was admitted to the Orange county bar in 1877. During these years he had several terms of teaching in the Vermont schools and a portion of the time read law in the office of N. L. Boyden of Randolph. He began the practice of his profession at South Ryegate and in 1883 he moved to St. Johnsbury where he has since resided. For a few years he was in partnership with Albion F. Nichols, but when the latter became county clerk in 1888 the partnership was dissolved and Mr. Dunnett remained in business alone until 1896 when he took Leighton P. Slack as his partner and the law firm of Dunnett & Slack has since that time enjoyed a large practice.

Recognized as one of the leading lawyers in the state he has also been active in public affairs. He was for several years town superintendent of the schools of Ryegate and has served many times as moderator of the town meeting both while residing in Ryegate and in St. Johnsbury, being moderator here at the present time. From 1886 to 1890 he was state's attorney for Caledonia county, and in 1900 was senator from this county, being chairman of the general committee, member of the judiciary committee and one of the recognized leaders of the legislature that year. His name has frequently been mentioned when a vacancy has arisen in the supreme court of Vermont, and once when he was urged to become the republican candidate for governor he thrust the honor aside by humorously saying he would not take the nomination if it was handed him on a silver plate. He is a prominent figure at republican conventions and presided at the state convention in 1900. As a campaign speaker he has few equals in the state for effectiveness. Others may have more polish and

statistical information, but his logic is unanswerable, his keen wit irresistible, and he is regarded as one of the best vote getters in the state.

Mr. Dunnett is liberal in his social affinities and religious beliefs. He has been married three times, his present wife being Mrs. Ella Chalmers, widow of Rev. John R. Chalmers of East St. Johnsbury. In their hospitable home is gathered a choice collection of books, with which Mr. Dunnett is very familiar, while the visitor to his summer camp on the shores of a little pond in the neighboring town of Groton is always sure to find as cordial a welcome and an invitation to join the host in a hunting or fishing expedition, of both of which sports he is greatly fond.

The CALEDONIAN heartily congratulates Mr. Dunnett upon this deserved recognition of party loyalty and equipment for the office. It is far from being a sinecure and cases of great importance are often tried in this court. His predecessor was assigned to the prosecution of cases outside New England, and we are sure that whatever duties come to Mr. Dunnett in his government position they will be discharged with the same fidelity and efficiency as when he was practicing in the Vermont courts.

D. A. R. Meeting.

Mrs. T. C. Fletcher was hostess to the St. John de Crevecoeur Chapter, D. A. R., at her home Saturday afternoon, when "The Life and Public Service of Benjamin Franklin" was the study topic. A discussion of the same followed a comprehensive resume by Mrs. C. H. Stevens. Mrs. T. E. Sanger of Littleton, regent of the Ellen I. Sanger Chapter was a guest of honor at this meeting. The Littleton chapter, which numbers 40 members, has recently marked the locality where the first house was erected, the home of the first white child born in the state of New Hampshire. The marker is a huge boulder, in which is embedded a bronze tablet, giving the purport of the monument. Mrs. Sanger has been the guest of her niece, Miss Fannie E. Russell, a new member of the local D. A. R. chapter. Mrs. Rebecca Fairbanks has also recently come into membership.

At the roll call patriotic quotations were given and later D. A. R. aims and methods were discussed as refreshments were served by the hostess, assisted by Miss Caroline S. Woodruff.

Daughters of Vermont Receive.

The Daughters of Vermont in Boston opened the season with a delightful luncheon in the parlors of the state suite, at the Vendome, Thursday, at which the newly elected president, Mrs. Arthur W. Blair, presided. Among others who assisted Mrs. Blair in receiving was Mrs. P. F. Hazen, our local president, and president of the Vermont Federation. Among those who contributed to the after-luncheon program were Mrs. Julia R. Aldrich of Somerville, Mass., clerk of the Massachusetts State Federation; Mrs. P. F. Hazen, and Mrs. Sallie Joy White. This program was greatly enjoyed.

Why Should One Save Money?

Saving up for future needs is a part of the integral scheme of the universe. Man has but to turn his attention to many of the lower animals, such as the squirrel or the bee, to learn a valuable lesson in saving.

Saving money means building up a barrier against want in old age.

Putting aside a portion of one's earnings regularly is providing for the future necessities of those who are now, or may be at some other time, dependent upon you.

Money saved is money earned and it is the duty of everyone to earn.

To save money is to place oneself in a position where you can take advantage of opportunities for profitable investments when they appear.

We offer a channel for placing money saved where it will be earning money.

Open a savings account with us and your deposits will pay you 3½ per cent interest, compounded semi-annually.

A savings account begun in a humble way, the depositing of a few dollars, has been the cornerstone of many a man's fortune.

Why Not Paint This Fall

when the weather is fine? Paint will be higher next spring along with every other commodity. You can now see how the Colonial houses look! Take a look at the large yellow house on Concord Avenue, just below Railroad, or seven houses painted on Portland Street or many other places in town.

We'll be glad to take you around and show them to you.

The "Colonial"

is of superlative excellence, exceedingly meritorious and worthy of the consideration of any property owner. Suppose you wanted to sell your house, would it not sell for more than cost of painting if covered with a coat of new paint? Can you afford NOT to paint with Colonial.
